

Request for Funding

Joyner Foundation's mission is to support both local schools and classrooms and affordable housing opportunities in our area through grants and donations. Housing, and the security that it provides, is sometimes unattainable for both the young and old in our neighborhoods. Concurrently, we believe that education is critically important to the continuing development and growth of the Richmond area. Teachers are struggling in the classrooms because of the educational budgets in our school districts. Accordingly, we will give funding priority to organizations who either further these efforts on a larger scale or to organizations who directly provide housing and or education services to the community. Additionally, the Joyner Foundation seeks to partner with organizations and hopes to offer volunteer opportunities for our Agents and Staff of Joyner Fine Properties.
